Purchased Shares and Matching Rights

MACAU

OVERVIEW

This guide has been prepared to provide you with a summary of the tax consequences and certain other issues associated with the grant of Purchased Shares and Matching Rights by **Aristocrat Leisure Limited** (the “Company”) under the **Aristocrat Leisure Limited SuperShare Plan** (the “Plan”).

This summary is based on the tax laws in effect in your country as of **August 2021**.

Tax laws often are complex and can change frequently. As a result, you should consult with your personal tax advisor for current information and further guidance regarding your personal tax liabilities and responsibilities associated with your enrollment in the Plan, the purchase of Purchased Shares, the grant and vesting of your Matching Rights, the issuance of Company shares, the payment of any dividends on such shares, and the sale of Company shares acquired under the Plan.

Please note that this summary is general in nature and does not discuss all of the various laws, rules and regulations that may apply. It may not apply to your particular tax or financial situation, and the Company is not in a position to assure you of any particular tax result. If any dividends are paid on shares, it is assumed that the dividends will be paid into an offshore brokerage account (*i.e.*, they will not be paid by a bank in your country or into an account in your country). **You should consult with an appropriate professional advisor as to how the tax or other laws in your country apply to your specific situation.**

If you are a citizen or resident of another country or transfer employment and/or residency after you enroll in the Plan and/or the Matching Rights are granted to you or if you are no longer actively employed at the time of the taxable event, the information contained in this supplement may not be applicable to you.

The tax consequences described in this guide are based, in part, on the absence of an arrangement for the Company to charge the costs of the awards to your employing entity (referred to as a “recharge arrangement”). In the event of any change to the recharge arrangement with your employer, the taxation and related requirements of awards granted to you may be different than those described in this guide. The Company expressly reserves the right to implement, modify or terminate a recharge arrangement with your employing entity at any time.

TAXATION OF PURCHASED SHARES AND MATCHING RIGHTS

Enrollment	No taxation.

DIVIDENDS

Taxation in Your Country	You should not be subject to taxation in Macau on any dividends paid on the Company shares you acquire under the Plan.
---------------------------------	--

¹⁰ No taxation applies if the following conditions are met: (i) the Plan offered by the Company and the local employer is not involved in the administration of the Plan; (ii) the local employer does not bear any of the costs related to the Plan; (iii) the Plan is not referenced in any local employment agreements or offer letters; and (iv) no payments in connection with the Plan are made via payroll. If these conditions are met, the income from the Plan will not qualify as employment income and will not be subject to tax.

DIVIDENDS

Taxation in Australia	You should not be subject to tax in Australia to the extent any dividend is franked (i.e., paid out of profits that have been subject to Australian tax). If a dividend is partly franked or unfranked, the company may be required to withhold Pay-As-You-Go (“PAYG”) withholdings from the dividend payment. If you reside in a country with which Australia has a tax treaty, the tax treaty will set the rate of PAYG withholdings required. If there is no tax treaty, the rate will be 30%. You may be entitled to a tax credit in your country for any PAYG withheld at source. <i>You should consult with your personal tax advisor regarding the availability of such a credit.</i>
------------------------------	--

SALE OF SHARES

Taxation in Your Country	When you subsequently sell or otherwise dispose of any Company shares acquired under the Plan, you should not be subject to capital gains tax in Macau.
Taxation in Australia	Assuming you are not an Australian tax resident, you should not be subject to tax in Australia on any gain you realize when shares acquired under the Plan are sold.
